4 April 1956

Honorable Arthur S. Flemming
Director
Office of Defense Mobilization
Washington 25, D. C.

Dear Arthur:

I appreciate your sending me the material which Dr. William Elliott may use in a presentation before the President's Board of Consultants on Foreign Intelligence Activities.

As you can appreciate, I would not wish to intervene in any way with respect to any consultations which the President's Board may wish to make in the field of intelligence. I hope they consult with many able and interested people such as Bill Elliott.

I may add that I have glanced over the memorandum which Bill Elliott sent to you under date of 27 March 1956 and I feel that information along the lines of this memorandum should be of real help to the Board. I am returning this memorandum herewith.

Sincerely,

Allen W. Dulles
Director
